# BETTER LIFE

## Young Adult Class

Sundays 9:00 AM – Rooms 205 B & C

Teacher: Larry Snapp

Topic: Book of Ruth

The economy was terrible, society was a mess and getting worse all the time, every day just seemed to be a test of endurance, political problems were common, everything was completely insecure, few were paying attention to anything God had to say, it was hard to even begin to see any hope for the future. What is a person to do when personal tragedy is added to the story? Do these things sound familiar? What will 2010 bring? Ruth was a woman who lived in such times, a woman who was well-acquainted with serious problems. Come and learn how to prepare for such times as these and of the Lord's redemption from tragedy, emptiness and trouble.

## Character Qualities the World *NEW!*

### Needs & Respects

Sundays 9:00 AM – Room 205 A

Teacher: John Potts

This class is intended to help us build right thinking and the corresponding character qualities and habits that make for success at home, business and among our friends. To do so requires a lot of discipline. We often learn this discipline from our mistakes, taking years of hard experience. This class intended to help us avoid those mistakes with their negative impact on ourselves, our families and our society, by making the right value system a part of our daily lives. The class will require a

commitment on your part to attend, participate in discussion and do the assignments. At the same time, you will find the class enjoyable and life-changing as you develop these important qualities in your life and see the immediate and long-term benefits. Text: Values and Principles that Can Change the World. (Suggested Donation \$12)
